Adekoya Gbolahan

Full-Stack Developer

📍 Lagos, Nigeria | ✉️ adekoyaadetola365@gmail.com | 🔗 GitHub | LinkedIn | 📞 +2347014038948

Professional Summary

Full-stack developer with 4+ years of experience building scalable web applications, specializing in React, Next.js, and Laravel. Currently enhancing student systems at MIVA Open University while maintaining expertise in UI/UX design from prior illustration work. Passionate about creating efficient, user-centric solutions through clean code and innovative problem-solving.

Work Experience

MIVA Open University | Software Developer (SIS Team)
January 2024 – Present

- Develop and optimize features for the Student Information System (SIS), serving 10,000+ students.
- Migrate legacy components to React.js , improving system performance by at least 25%.
- Collaborate with academic staff to implement data visualization dashboards for real-time analytics.

Archware Technologies | Software Developer
January 2021 – 2024

- Full-stack development of 5+ web applications, including Archware Facility Lease (React/Laravel).
- Integrated RESTful APIs, reducing backend response time by 30%.
- Mentored junior developers in Agile workflows and code review best practices.

Disporty | Frontend Developer (Contract)
February 2024 – May 2024

- Built a game management platform with TypeScript + Next.js, streamlining competition scheduling.
- Implemented server-side rendering (SSR), reducing page load time to under 1.5 seconds.

Teesas | Digital Illustrator
January 2020 – December 2021

- Created 50+ illustrations for children's educational animations using Adobe Photoshop/Krita.
- Collaborated with animators on character design and storyboarding, reducing revision cycles by 20%.
- Applied design skills to frontend development (UI prototyping, SVG animations).

Technical Skills
